ARTHUR PEDRO OLIVEIRA DE PAULA

IT Infrastructure & Cloud | Head of IT

Porto Velho, Rondônia, Brazil | linkedin.com/in/arthur-p-7098a2150 | github.com/apop14520-glitch | arthur-pedro-curriculo.apop14520.workers.dev

PROFILE

IT professional in public-sector IT since 2022: internships at the Federal Public Prosecutor's Office and the Rondônia State Government, and, since September 2025, Head of IT at SOPH, the state-owned port and waterway company of Rondônia. Hands-on with virtualization (Proxmox), monitoring (Zabbix), service desk (GLPI), Active Directory, networks and ERP systems. Also builds internal systems, including SOPH.IA, an AI assistant for institutional documents on Cloudflare, and a visitor access-control system. Completing a postgraduate specialization in Cloud Computing Projects.

EXPERIENCE

Head of IT (part-time)

Sep 2025 – Present

Sociedade de Portos e Hidrovias do Estado de Rondônia (SOPH): state-owned port and waterway company, Porto Velho, Brazil

- Plan, deploy and modernize the technology environment: ERP systems, networks, servers, CCTV, radio links, optical fiber and switches, keeping services available.
- Administer virtualization (Proxmox VE), monitoring (Zabbix), service desk (GLPI) and identity services (Active Directory, file server).
- Lead the day-to-day IT operation, balancing people, processes and technology with focus on availability, security and service continuity.
- Built a visitor access-control system at management's request (Node.js, webcam photo capture, frequent-visitor lookup, per-user access levels).

IT Intern

Jun 2023 – Aug 2025

Rondônia State Government, Brazil

- Technical support and technology sustainment in a public-sector environment, assisting users, services and IT routines.

Intern, Educational Technician

Mar 2023 – May 2023

Colégio e Curso Sapiens, Porto Velho, Brazil

- Maintained institutional Chromebooks (reimaging, student profiles, repair requests), supported students and managed Google Admin Console.

Volunteer Intern, IT User Support

Sep 2022 – Feb 2023

Federal Public Prosecutor's Office (MPF), Porto Velho, Brazil

- IT support to users in a federal public-sector office.

Earlier roles (non-IT): financial assistant, Hospital Prontocordis (Jan 2019 – May 2020); stock assistant, Rovema Energia (Aug 2020 – Jul 2021).

SKILLS

Virtualization & cloud	Proxmox VE, virtual machines, backup and recovery, Cloud Computing (specialization in progress)
Monitoring & service management	Zabbix, GLPI, incident management
Systems & identity	Active Directory, file server, Windows and Linux, ERP systems (Questor Empresarial), Google Admin Console
Networks	Switches, optical fiber, radio links, CCTV
Service & compliance	Service desk, network administration, technical troubleshooting, LGPD and GDPR concepts
